Far North Anticipation Guide

In small groups, discuss each of the following statements. Decide whether you agree or disagree with each, and give examples to support your opinions.

1. Nature is our enemy unless we tame it.
2. Because times have changed and technology is fairly new, advice from our elders can no longer help us.
3. Since America is a melting pot, we should put away our cultural differences and share a common culture.
4. Progress has tamed the wilderness, and now the wilderness is safe.
5. Progress has destroyed the beauty of the wilderness and the Native American culture.
6. When making a decision, you should rely solely on yourself.
7. Making a decision quickly is dangerous.
8. In decision-making, there is no place for superstitions or cultural beliefs.
9. Your friends should always be involved in your decision-making process.
10. Admitting it when you are wrong doesn't help, because the damage has already been done.
